## Timothy James (T. J.) Hazen

Timothy James (T. J.) Hazen arrived at MIT in 1987 where he received his S.B. degree in 1991, S.M. degree in 1993 and PhD in 1998, all in Electrical Engineering. T.J. joined the SLS group as an undergraduate in 1991 and has been with the group ever since. He is currently working as a research scientist in the group. His primary research interests include acoustic modeling, speaker adaptation, automatic language identification, and phonological modeling.
